The Consortium for Citizens with Disabilities (CCD) is the largest coalition of national organizations working together to advocate for federal public policy that ensures the self-determination, independence, empowerment, integration and inclusion of children and adults with disabilities in all aspects of society.
Overview of 2017 Mainstream Voucher Program NOFA
*NEW* Available Funding

- HUD Notice of Funding Availability (NOFA) provides up to $100 million for new housing vouchers for people with disabilities
  - $13 million – FY 2017 Funds
  - $87 million of $385 million - FY 2018 Funds

- Nearly $300 million remaining from FY 2018 for future NOFAs
- Minimum award $75,000; maximum award $5 million
- HUD expects to make 40 awards
- June 18 application deadline!
Who Can Apply for these Funds?

- Only PHAs that administer housing choice voucher (HCV) assistance and non-profits that already administer HCV mainstream assistance are eligible to apply.

- Indian Housing Authorities (IHAs) are not eligible to apply.
HUD Partnership, Goals and Target Populations

- HUD partnered with HHS to design this NOFA with representatives from the Center for Medicaid and CHIP Services (CMCS), the Administration for Community Living (ACL), and the Assistant Secretary for Planning and Evaluation (ASPE).
- Helps further the goals of the Americans with Disabilities Act (ADA) by helping persons with disabilities live in the most integrated setting.
- Encourages partnerships with health and human service agencies with a demonstrated capacity to coordinate voluntary services and supports to enable individuals to live independently in the community.
- Incentivizes PHAs to assist non-elderly persons with disabilities who are:
  - Transitioning out of institutional or other segregated setting,
  - At serious risk of institutionalization,
  - Homeless, or
  - At risk of becoming homeless
Who is eligible for the vouchers?

- **Eligible household:** A household composed of one or more non-elderly person with disabilities, which may include additional household members who are not non-elderly persons with disabilities. A household where the sole member is an emancipated minor is not an eligible household.

- **Non-elderly person with disabilities** (for purposes of determining eligibility): A person 18 years of age or older and less than 62 years of age, and who:
  
  (i) Has a disability, as defined in 42 U.S.C. 423;
  
  (ii) Is determined, pursuant to HUD regulations, to have a physical, mental, or emotional impairment that:
      
      (A) Is expected to be of long-continued and indefinite duration;
      
      (B) Substantially impedes his or her ability to live independently, and
      
      (C) Is of such a nature that the ability to live independently could be improved by more suitable housing conditions; or
      
  (iii) Has a developmental disability as defined in 42 U.S.C. 6001.
Institutional or other segregated settings

• *Institutional or other segregated settings* include, but are not limited to:

  (1) congregate settings populated exclusively or primarily with individuals with disabilities

  (2) congregate settings characterized by regimentation in daily activities, lack of privacy or autonomy, policies limiting visitors, or limits on individuals’ ability to engage freely in community activities and to manage their own activities of daily living; or

  (3) settings that provide for daytime activities primarily with other individuals with disabilities.
At serious risk of institutionalization

- At serious risk of institutionalization: Includes an individual with a disability who as a result of a public entity's failure to provide community services or its cut to such services will likely cause a decline in health, safety, or welfare that would lead to the individual's eventual placement in an institution.

- This includes individuals experiencing lack of access to supportive services for independent living, long waiting lists for or lack of access to housing combined with community based services, individuals currently living under poor housing conditions or homeless with barriers to geographic mobility, and/or currently living alone but requiring supportive services for independent living.

- A person cannot be considered at serious risk of institutionalization unless the person has a disability. An individual may be designated as at serious risk of institutionalization either by a health and human services agency, by a community-based organization, or by self-identification.
All categories of homelessness under the HUD definition:

• Category 1: Literally homeless (shelter, unsheltered, in a place not meant for human habitation)
• Category 2: At risk of homelessness (losing their housing within 14 days and have no subsequent housing identified)
• Category 3: Homeless under other Federal programs (RHY, DOE, etc.)
• Category 4: Fleeing or attempting to flee domestic violence
• AND...
Households at risk of homelessness

Households at risk of homelessness:

• Different than HUD’s Category 2 definition of homelessness

• Covers households who are at risk of homelessness due to their housing instability

• Check the NOFA for specific requirements the household would have to meet
